

let's drive change

Georgia Commute Options partners with employers to provide customized worksite solutions that meet your business goals for a better, cleaner commute.

This will save employees money, reduce traffic congestion, and improve air quality across metro Atlanta.

tons of benefits

Offering a commute options program is great for business, helping reduce operating costs, turnover rates and absenteeism – all while boosting productivity.

1 Reduce costs

2 Attract and retain talent

3 Keep business thriving

4 Create a positive work culture

60%

More than 1 in 5 employees have left a job because of a bad commute,* and 60% of regional employees reported their commute as the main factor impacting their willingness to return to the workplace.**

free employer services

Whether you're looking for commuter benefits, ridesharing services or a flexible work program, we go the extra mile with free resources and consultation services to help you drive change.

Our programs are tailored to help identify commute options, educate employees and tenants, report on results and savings, and achieve a high participation rate.

- Telework & FlexWork Consultation
- Program Tracking & Reporting
- Tax Benefits
- Resources for Employers & Employees
- Commuter Incentives
