FAQ

I joined a bike bus group. How do I log rides during Biketober? Can I log rides for multiple bike bus groups?

You can log your rides via your profile page, or if you're a frequent rider you can use the Love to Ride app to automatically track your rides! You can also connect to Strava, Garmin, and MapMyFitness.

You can join multiple groups, as well. Add your workplace to help them in the employer competition – there a variety of ways to compete, with unique prize opportunities for each!

My bike bus is small, with just a few student riders and adults. Can we still win a prize?

Biketober points are awarded for every mile and day, but also for encouraging other folks to ride. Even a small but mighty school group can compete! Log your bike commutes, fun rides, and be an encouragement powerhouse! We have prizes for the top 3 Bike Bus groups this year.

Will prizes go to the school, the bike bus leads, or to the students in the bike bus?

The grand prize Bike Bus Bike Rack will go to the 1st place Bike Bus group. The top 3 schools will all get prizes to share with their Bike Bus families. Additionally, all ride leaders will get t-shirts for participating. Plus, there are also lots of individual prizes as part of Biketober!

My bike bus Group is large, with multiple bike buses and schools under one Group. Can the individual bike buses within this Group also compete with each other?

Every school should create its own Group – if you have questions about the structure or setting things up, reach out to our team!

What are the different prizes that a bike bus can win?

The grand prize Bike Bus Bike Rack will go to the 1st place Bike Bus group. The top 3 schools will all get prizes to share with their Bike Bus families (will feature a mix of small prizes, with enough items to ensure all participants are included). And all Bike Bus group leads will receive a special Biketober shirt as thanks for your efforts.

There are also lots of individual prizes as part of Biketober!
